

Safety Data Sheet

Section 1: Identification

Product Name: **RID ICE**
Other means of identification: None

Recommended Use: Ice melt

Manufacturer: BCA Products
24399 225th Avenue
P.O. Box 429
Sleepy Eye, MN 56085
www.bca-products.com
fkral@riverregioncoop.com

Telephone: 1-888-454-4744

Emergency telephone number: CHEMTREC 1-800-424-9300

Section 2: Hazard Identification

Classification according to paragraph (d) of §1910.1200: Mixture

Label Elements

Signal Word:
WARNING

Hazard Statements

Causes eye irritation

Precautionary Statements

Avoid breathing dust. Avoid contact with eyes, skin, and clothing. Do not taste or swallow. Use only with adequate ventilation. Wash thoroughly after handling. Keep container closed.

Other hazards

None identified at this time.

Other Information

NFPA
Health -1
Flammibility - 0
Reactivity - 0

Section 3: Composition/information on ingredients

Chemical Name	Common Name	CAS #	Impurities and stabilizing additives	%
Potassium Chloride	Potash	7447-40-7	None	Trade Secret*
Sodium Chloride	Salt	7647-14-5	None	Trade Secret*
Magnesium Chloride	None	7791-18-6	None	Trade Secret*

*Exact percentages of composition has been withheld as a trade secret is required.

Section 4: First-Aid Measures

Description of First Aid Measures

Inhalation:

Move to fresh air. Treat symptomatically. Get medical attention if symptoms persist.

Skin:

Immediately flush skin with plenty of water. Remove contaminated clothing and shoes. Get medical attention if irritation develops and persists.

Eye:	Immediately flush with plenty of water for at least 15 minutes. If easy to do, remove contact lenses. Get medical attention if irritation develops and persists.
Ingestion:	Drink plenty of water. Seek medical advice. If ingestion of a large amount does occur, call a poison control center immediately.
Most important symptoms and affects, both acute and delayed	
Inhalation:	Symptoms may include coughing or shortness of breath.
Skin:	Symptoms include redness, itching and pain.
Eye:	Symptoms include redness, pain, itching and burning.
Ingestion:	Symptoms include nausea, vomiting and diarrhea.
Indication of any immediate medical attention and special treatment needed	Get medical attention immediately if symptoms are non-responsive to suggested first aid measures.

Section 5: Fire-fighting Measures

Flammable Properties	This product is not flammable.
Suitable Extinguishing Media	Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.
Unsuitable Extinguishing Media	None identified at this time.
Specific Hazards arising from the chemical	When subjected to extremely high temperatures, it may release small quantities of chlorine gas.
Special Protective Equipment and Precautions for Fire-fighters	Fire fighters should wear full protective gear. Wear full protective clothing, including helmet, self-contained positive pressure or pressure demand breathing apparatus, protective clothing and face mask. As in any fire, wear self-contained breathing apparatus pressure-demand. MSHA/NIOSH (approved or equivalent) and full protective gear.

Section 6: Accidental Release Measures

Personal precautions, protective equipment and emergency procedures	
Personal Precautions	Keep unnecessary personnel away. Keep upwind. Ventilate the area. Avoid inhalation of dust from the spilled material. Do not touch damaged containers or spilled material unless wearing appropriate protective clothing.
Protective Equipment	Gloves recommended. Respirator optional.
Emergency Procedures	If spill could enter any waterway, contact the local authorities. Contact the NATIONAL RESPONSE CENTER at 1-800-424-8802. In case of accident or road spill notify: CHEMTREC at 1-800-424-9300.
Environmental Precautions	Prevent further leakage or spillage if safe to do so.

Methods and Material for Containment If sweeping of a contaminated area is necessary use a dust suppressant agent which does not react with the product. Prevent entry into waterways, sewer, basements, or confined areas.

Methods and Material for Cleanup Measures Avoid dust formation.

Small Spills: Sweep up or vacuum up spillage and collect in suitable container for disposal.

Large Spills: Collect dust or particulates using a vacuum cleaner with a HEPA filter. Reduce airbourne dust and prevent scattering by moistening with water.

Never return spills in original containers for re-use. Clean contaminated surface thoroughly. Clean up in accordance with all applicable regulations.

Section 7: Handling and Storage

Precautions for safe handling Keep formation of airbourne dusts to a minimum. Avoid breathing dust. Avoid contact with eyes, skin, and clothing. Do not taste or swallow. Use only with adequate ventilation. Wash thoroughly after handling. See section 8 of the SDS for Personal Protective Equipment.

Conditions for safe storage: Keep container tightly closed in a dry, cool, and well-ventilated area.

Incompatible Materials: Lithium, bomite trifluoride. Contact with strong acid may produce hydrogen chloride gas; contact with hot nitric acid may produce toxic nitrosyl chloride. Mildly corrosive to metals in the presence of moisture.

Section 8: Exposure controls/personal protection

Control Parameters

Chemical Name	CAS #	OSHA PEL	ACGIH TLV
Potassium Chloride	7447-40-7	15mg/m ³	10mg/m ³
Sodium Chloride	7647-14-5	15mg/m ³	10mg/m ³
Magnesium Chloride	7791-18-6	15mg/m ³	3mg/m ³

Engineering Measures/Controls: Good general ventilation (typically 10 air changes per hour) should be used. Ventilation rates should be matched to conditions. If applicable, use process enclosures, local exhaust ventilation or other engineering controls to maintain airbourne levels below recommended exposure limits. If exposure limits have not been established, maintain airbourne levels to an acceptable level.

Personal Protective Equipment

Eye/Face Use tight fitting goggles if dust is generated.

Hands Gloves

Skin/Body Wear appropriate clothing to prevent repeated or prolonged skin contact.

Respiratory protection Wear respirator if there is dust formation.

General Hygiene Provide eyewash station and safety shower. Always observe good personal hygiene measures, such as washing after handling the material before eating, drinking, and/or smoking. Routinely wash work clothing and protective equipment to remove contaminants.

Recommendations

Section 9: Physical and chemical properties

Appearance/Description	
Physical State	Solid crystal
Color	White
Taste	Not Available
Odor	Odorless
Odor Threshold	Not Available
pH	Not Available
Melting Point/Freezing Point	1423°F
Initial Boiling Point and Boiling Range	2732°F
Flash Point	Not Available
Evaporation Rate	Not available
Flammability	Not Available
Upper/lower flammibility limits	Not Available
Vapor Pressure	Not available
Vapor Density	Not available
Relative Density	Not Available
Solubilities	Water
Partition coefficient: n-octano/water	Not Available
Auto-ignition temperature	Not Available
Decomposition temperature	Not Available
Viscosity	Not Available

Section 10: Stability and reactivity

Reactivity	None identified at this time.
Chemical Stability	Stable under normal temperature conditions.
Possibility of hazardous reactions	Hazardous polymerization does not occur.
Conditions to avoid	Excessive heat. Incompatibilities.
Incompatible materials	Lithium, bormine triflouride. Contact with strong acid may produce hydrogen chlorine gas; contact with hot nitric acid may produce toxic nitrosyl chloride. Mildly corrosive to metals in the presence of moisture.
Hazardous decomposition products	Hydrogen chloride. Upon combustion, oxides of chlorine may be released. May include oxides of potassium.

Section 11: Toxicological Information

Routes of exposure:	Inhalation, Ingestion, Skin, and Eyes
Acute (Immediate) Effects	None identified at this time.
Chronic (Delayed) Effects	None identified at this time.
Chronic effects from short term exposure	None identified at this time.
Chronic effects from long term exposure	None identified at this time.

Numerical measure of toxicity Not available

Whether the hazardous chemical is listed in the National Toxicology Program (NTP) Report on Carcinogens (latest edition) or has been found to be a potential carcinogen in the International Agency for Research on Cancer (IARC) Monographs (latest edition), or by OSHA No

Section 12: Ecological Information

Ecotoxicity None identified at this time.

Persistence and degradability This material is readily biodegradable and is not likely to bioconcentrate.

Bioaccumulative potential Bioaccumulation is a possibility.

Mobility in soil This material is readily absorbed by plants from the soil. Mobility is possible when mixed with water.

Other adverse effects None identified at this time.

Other information None identified at this time.

Section 13: Disposal Considerations

Waste treatment methods

Product waste: Waste must be disposed of in accordance with federal, state, and local environmental control regulations.

Packaging waste: Waste must be disposed of in accordance with federal, state, and local environmental control regulations.

Section 14: Transportation Information

DOT Not regulated as dangerous goods

UN Number Not regulated as dangerous goods

UN Proper Shipping Name Not regulated as dangerous goods

Transport Hazard Class Not regulated as dangerous goods

Packing Group Not regulated as dangerous goods

Environmental Hazards Not regulated as dangerous goods

TDG Not regulated as dangerous goods

IMO/IMDG Not regulated as dangerous goods

IATA/ICAO Not regulated as dangerous goods

Transport in bulk (according to Annex II of MARPOL 73/78 and the LBC Code) Not regulated as dangerous goods.

Special precautions for user

Not regulated as dangerous goods.

Section 15: Regulatory Information

Safety, health and environmental regulations specific for the product in question

US federal regulations

This product is a "Hazardous Chemical" as defined by the OSHA Hazard Communication Standard, 29 CFR 1910.1200.

All components are on the U.S. EPA TSCA Inventory List.

CERCLA/SARA Hazardous Substances - Not applicable.

CERCLA (Superfund)
reportable quantity

None

Superfund Amendments and Reauthorization Act of 1986 (SARA)

Hazard Categories

Immediate Hazard - Yes

Delayed Hazard - No

Fire Hazard - No

Pressure Hazard - No

Reactivity Hazard - No

Section 311 hazardous
chemical

Yes

Section 16: Other Information

Last Revision Date

6/9/2015

Preparation Date

9/1/2006

Disclaimer/Statement of Liability

The information contained herein is accurate to the best of our knowledge. My Company makes no warranty of any kind, express or implied, concerning the safe use of this material in your process or in combination with other substances.
